This copyrighted power point is presented by the NFHS. This material shall only be reproduced or distributed by member state associations for teaching and training purposes.
Distribution to the public is prohibited without the express written consent from the NFHS. Please contact Davis Whitfield, COO at dwhitfield@nfhs.org with requests.

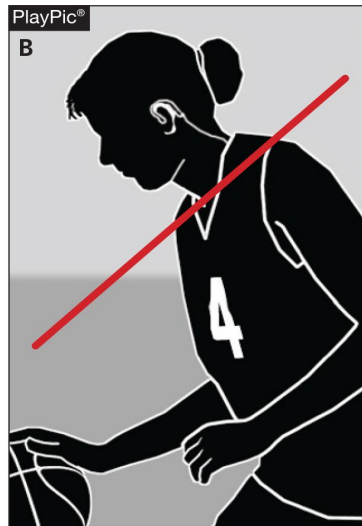

Rules Changes

2024-25 NFHS BASKETBALL

PLAY.
PERFORM.
COMPETE.
TOGETHER.

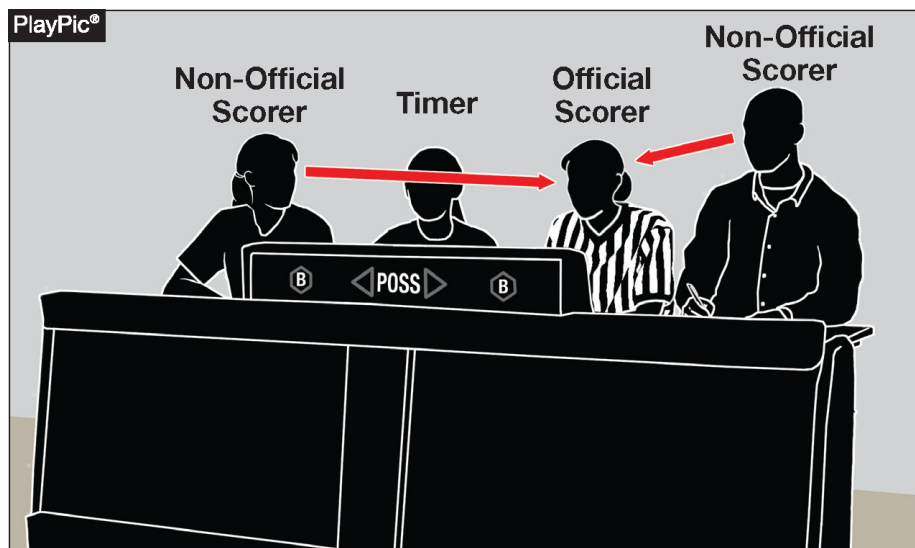

ELECTRONIC DEVICES 1-19

- The use of electronic devices during a game is limited to the purposes of recording and tracking stats, reviewing or diagramming plays, or other similar contest-related functions.
- Items that do not meet these requirements are not allowed during play.
 - **PlayPic A** – Legal – Coach is using a tablet to diagram a play.
 - **PlayPic B** – Illegal – Player wearing headphones during competition.

SCORER'S DUTIES

2-11-11

- Non-official scorers are required to compare records with the official scorer when multiple scorers are present.
- If there is a discrepancy, the official scorer must notify the referee immediately.

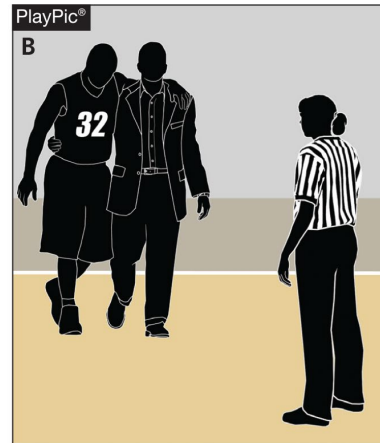

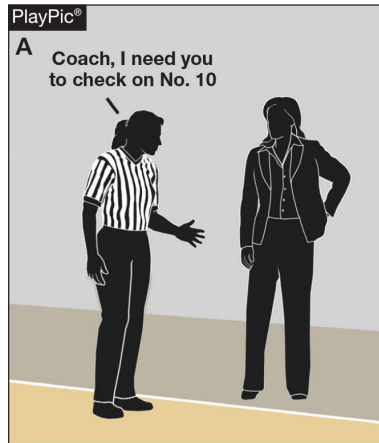

SUBSTITUTION 2-12-6 (NEW), 3-3-7, 3-3-7 NOTE 1

- A team is allowed 20 seconds to address any minor blood on the body or uniform of a player without that player having to leave the game.
- The official will allow the player(s) to reach their bench area before signaling to start the timer. A warning signal will be given at 15 seconds.
- If the blood cannot be appropriately covered/cleaned within 20 seconds, the head coach may use a time-out to address the issue or substitute for the player.

SUBSTITUTION

3-3-6

- A player who has been injured must be removed from the game if the coach is beckoned by an official, whether the coach enters the playing court or not, or if bench personnel (i.e. a coach or athletic trainer) enters the court without being beckoned.
 - **PlayPic A** – Coach is beckoned – Player must be removed.
 - **PlayPic B** – Coach enters the court without being beckoned – Player must be removed.
- The coach may still use a time-out to continue assessment of the injury and allow the injured player to remain in the game.

BASKET INTERFERENCE 4-6-1 EXCEPTION (NEW)

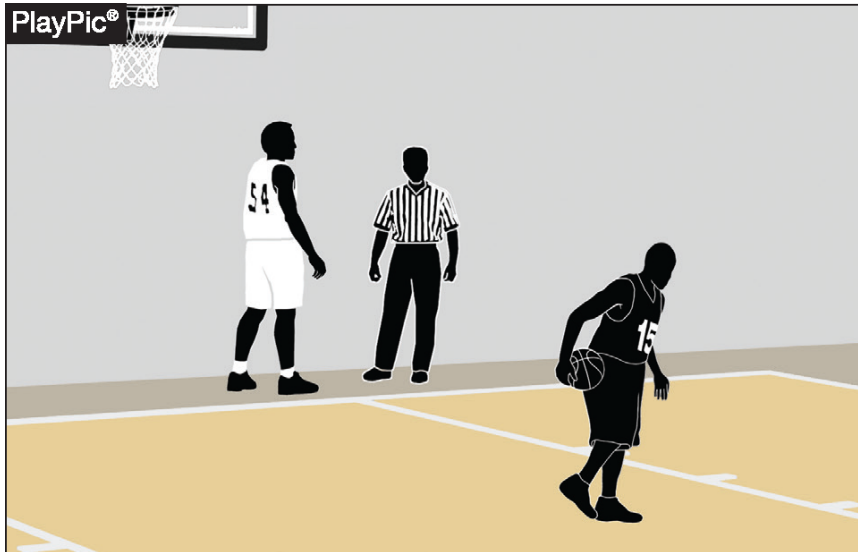

- A player is allowed to touch only the net while the ball is on or within the basket provided that, in the official's judgment, the net contact does not affect the ball, allowing play to continue.
- If a player(s) contact with the net impacts the path of the ball, basket interference shall be called.

CLOSELY GUARDED 4-10 EXCEPTION (NEW), 9-10-1a NOTE (NEW), STATE ASSOCIATION ADOPTIONS

- In states where the 35-second shot clock is being utilized, state associations may adopt a modification to the closely guarded rule that allows players to dribble the ball for more than five seconds while closely guarded.
- As such, a closely guarded violation would only occur if a player holds the ball while closely guarded for five or more seconds.

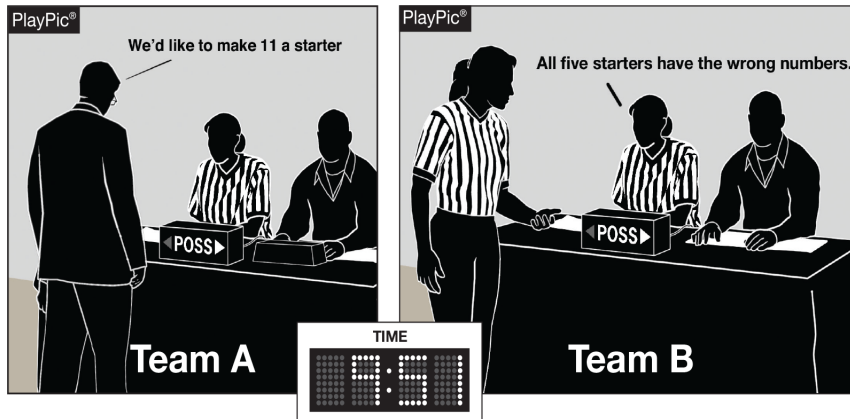

WARNING FOR DELAY 4-47-5 (NEW), 10-2-1g (NEW), 10-4-5b

- A new fifth delay warning has been added to address when a player fails to immediately pass the ball to the nearer official when a whistle sounds.
 - A warning for delay is issued on the first occurrence, and;
 - A team technical foul is issued for any subsequent violation of Rule 4-47 Warning for Delay.

ADMINISTRATIVE/BENCH/TEAM TECHNICALS

10-1-1 PENALTY, 10-1-2 PENALTY, 10-2-7 PENALTY (NEW), 10-5-1 PENALTY (NEW)

- Administrative, team and bench technical fouls that occur during pregame offset if they occur in equal numbers between the two teams.
 - No free throws are awarded.
 - The game begins with a jump ball.
- Also, the head coaches do not lose the privileges of the coaching box.

TEAM TECHNICAL 10-2-7 PENALTY (NEW), 10-5-1i

- The penalty for dunking or attempting to dunk or stuff a dead ball during pregame or intermission is now a team technical foul.
- The offending player will no longer have a personal foul charged against them that counts toward disqualification.
- The offending team's head coach will not lose the privilege of using the coaching box.

UNIFORMS

3-4-3

- A rule passed prior to the 2019-20 season takes effect this year as the option to have jersey numbers that are the same color as the predominant color of the jersey has now been eliminated.
- The two legal options are a solid contrasting number with no more than two solid-colored, $\frac{1}{4}$ -inch borders around the entire number, or a solid contrasting number with a “shadow” trim of a contrasting color not to exceed $\frac{1}{2}$ -inch in width that may be used with one $\frac{1}{4}$ -inch border.

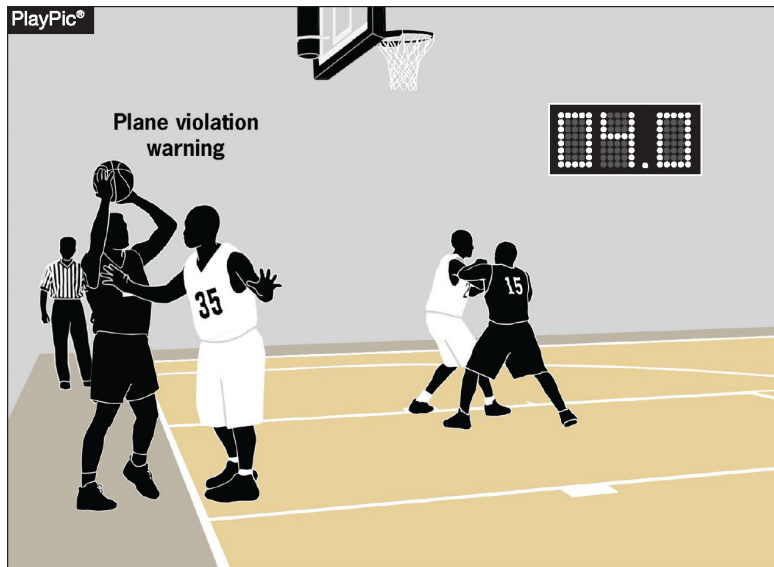

TEAM CONTROL

4-12-2 NOTE (NEW), 9-7-1 NOTE (NEW), 9-9-3 NOTE (NEW)

- Clarification that team control during a throw-in only applies to fouls committed by the offense, therefore, three-second and backcourt violations are not in effect.
- Also, team control, as the result of a throw-in, remains in that team's control until player control is established by either team on the court.

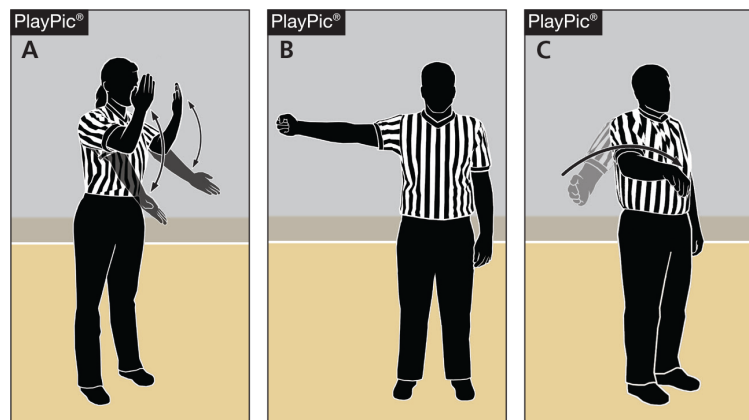

THROW-IN PROVISIONS

9-2-10 NOTE 2 (NEW)

- Officials should ignore an intentional throw-in plane violation or a player interfering with the ball following a goal when the clock is running and there are five seconds or less on the game clock.

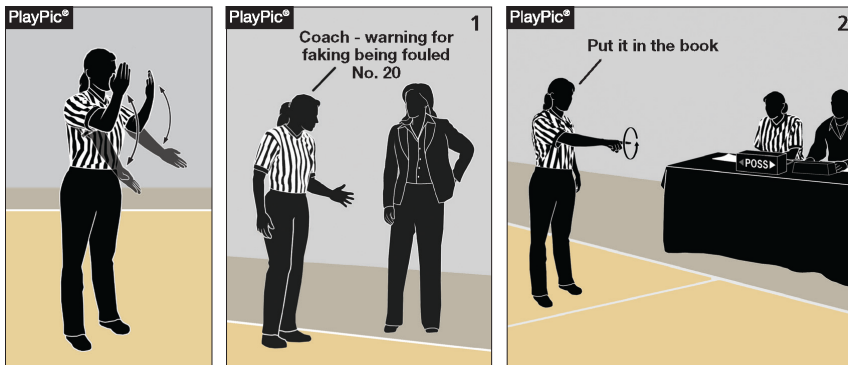

OFFICIAL NFHS BASKETBALL SIGNALS

- New signal No. 15 for flopping/faking being fouled.
- Signal No. 21 renamed “Delayed Violation: Withheld Whistle” and shall be used to signal when a player steps out of bounds on their own volition in addition to a free throw lane violation by the defense.
- Signal No. 25 renamed “Backcourt and First to Touch from Out of Bounds Violation’ and shall be used to signal the violation once the player is first to touch the ball after returning to the playing court in addition to a backcourt violation.

WARNING FOR FAKING BEING FOULED

4-49 (NEW), 6-4-4g, 10-2-1h (NEW), 10-4-6f

- A new definition for faking being fouled (flopping) has been created that includes a warning for a first team offense and a team technical foul for all subsequent infractions.
- The warning for the first offense is recorded in the scorebook (PlayPic 2) and reported to the head coach (PlayPic 1) following the ruling so as not to disrupt play and take away the advantage that may exist for the team that is not being warned.
- The ruling official will use the new signal No. 15 to indicate a flopping ruling when it occurs (PlayPic).

CBOA INSTRUCTIONAL VIDEOS

Facebook resources

Some good Facebook groups for videos and rules info:

- ▣ NFHS - Basketball Officials
- ▣ NFHS – Basketball Officiating

Search for these groups on Facebook, and “like” (or follow) them. You will start to see videos with rulings, and rules discussions. Read them thoroughly...sometimes people give the wrong answers. But you will start to see who the moderators are...state championship level and college officials, along with NFHS staff and related personnel, and **their** answers are solid.

Yes, I know these look alike. But they are two different Facebook pages, with similar formats and ways of operating. There are some other good pages out there, but they mix various levels of rules. These are HS only.

Stay with the play...

College Basketball Ejections and Heated Moments (2:58 and next at 3:58)

Coach Ejected

Player kicked

Chaos After play

Training and Evaluation – tools, approach and Observer staff

Training and Evaluation –

- **Tools**

- CBOA material In season Videos and short quizzes

- **Try on your uniform**

- Make sure it fits
- Get in shape now, the season starts in less than one month.

- **Observer staff**

- Observers in all three leagues
- Maintain significant Association investment
- Veterans not working in our Group

Association Administration

- School Directory, Member info and Incident Reporting

Administration framework - know these support tools
